THE SENTINEL to-day mentions some of the republican candidates for mayor.

THE Farmers' alliance has 116 papers in Kansas, one to every county and one to spare.

MARVIN KUHNS, the desperado, has had his trial for the murder of Campau postponed until the April term of court at Tiffin, Ohio.

THE question of the advisability of bringing Fort Wayne under the provisions of the metropolitan police bill excites considerable discussion.

MUNCIE believes in women holding office. Tuesday night the city council elected Mrs. Dr. Elizabeth Miller, a practical physician, to the city board of health.

JUDGE PEFFER, who was nominated as United States senator from Kansas, to succeed Ingalls, was formerly an Indianaian, having resided near Crawfordsville.

TO-DAY, at Indianapolis, the Indiana supreme court listened to arguments in the suit to recover $8,000 in taxes from Allen county, by the executor of the Simons estate.

COL. WM. F. VILAS, who was elected United States senator by the Wisconsin legislature, to succeed John C. Spooner, whose term expires March 4, is an able and brilliant statesman, and will add material strength to the democratic representation in that body.

THE legislature in Georgia, Alabama and other southern states have decided that, pending the consideration of the Force bill, no appropriations will be made for exhibits at the world's fair. Mr. Lodge would be abundantly justified in changing the title of his measure to make it read: "A bill to cripple the Columbian exposition at Chicago in 1893."

AT A gathering of Knights Templar and Masons at Crawfordsville, General M. D. Mason, ex-auditor of state, said that he was one of the oldest Masons in Indiana, having joined them fraternally in 1841, just fifty years ago, and he was made a Knight Templar in 1849. He delivered the first lecture on Masonry in the City of Mexico, in 1847, when such an organization was not allowed to exist under the laws of any country where the Catholic faith predominated.

ATTORNEY-GENERAL MILLER has filed with the supreme court his brief in the matter of the application of the Canadian government for a writ of prohibition in the case of the W. P. Sayward, libeled for taking seals in the Behring sea. He opposes the filing of a petition for such a writ, on the grounds that the supreme court has no power in any case to issue a writ of prohibition to the Sitka court, because it is not a district court of the United States, being merely a territorial court; that the question of jurisdiction of the Alaska court, which the petitioners seek to present, can not be raised on the record of the admiralty proceedings on file with the supreme court, because the face of these proceedings should prove jurisdiction in the Alaska court, and after sentence in such causes prohibition will not issue; that, conceding all the facts averred in the petition, the question of jurisdiction of the Alaska court depends upon the extent of the dominion of the United States in the Behring sea. In this, he maintains, is a political question to be decided by the political department of the government—the executive and congress—both of which have decided against the petitioner's contention, and this decision must be conclusive upon the judiciary.

FAITH is one of the strongest graces in Christian character. This beautiful tribute is paid it by Rev. C. H. Spurgeon, the great London preacher, who has suffered much lately by sickness. "Faith sees sweet hope in every bitter cup. Faith knows that wherever she gets a black envelope from the heavenly post-office, there is treasure in it. When the Lord's black horses call at our doors they bring us double loads of blessing. Up to this moment I, God's servant, beg to bear my unreserved testimony to the fact that it is good for me to have been afflicted. In spiritual life, and knowledge, and power, I have grown but little except when under the hands of trouble. I set my door open. I am half inclined to say, to pain and sickness, and sadness, 'Turn in hither, for I know that you will leave a blessing behind. Come crosses, if you will, for you always turn to crowns.' Thus faith glories in tribulations also, and in the lion of adversity finds the honey of joy."

REPUBLICAN CANDIDATES

For Mayor at the May Election--Mayor Harding Will Stand--Other Names Suggested.

"You are bringing out the different men who will be candidates for mayor on the democratic ticket at the spring election, why don't you say something about the probable republican candidates?" said a well known republican to a SENTINEL reporter last evening.

"Because I don't know who they are" was the reply. "I believe Mayor Harding is going to be a candidate. His name is the only one I have heard mentioned. Do you know any?"

"Well no, but I know some men among the republicans who would run well if they were nominated. Who? Well, there is Dan Harding. I haven't got any fault to find with him. He was elected once and maybe he can make it again, but we have got other good men. I tell you, I believe Harry Hanna would make a rattling good official. He is a brilliant young man, a good lawyer, has a host of friends and would make a race that might be a winning one. Then there is Col. D. N. Foster and Editor N. R. Leonard, of the Gazette. The nomination of either of these men and their election would place good men in the office. Do you know what I have always thought about this mayorality question?"

"No, what is it?" asked the reporter.

"I think we ought to take candidates for this office right out of the ranks of the workingmen. We have got a good man right here in the Pittsburg shops," said the republican, who was an employe of the Pennsylvania company.

"Who is it?"

"John Slater. He is an employe of the blacksmith department, an every-day, hard working laboring man, and a blacksmith who is as good as you find them anywhere. He earns his bread and butter by the sweat of his brow, but he is nevertheless competent to fill the mayor's office and would make a splendid official. He has a host of friends among the workingmen and when a few years ago he was nominated for township assessor against the democratic nominee he swept away a big majority and was handsomely elected. I tell you he would run well. There is another man in the company's employ who would be a good candidate, too. It is Enoch Cox, the store-keeper of the western division of the Pittsburg, Fort Wayne and Chicago railroad. He was for four years editor of the Delphi (Ind.) Journal, but has been in his present position for the last nine years. He is well known and would make a capital race for the office.

THE SENTINEL reporter met Mayor Harding with the question, "You will be a candidate for renomination for mayor?"

"I suppose I will," he replied, smilingly.

"Have the republicans any other candidates out?"

"I have not heard of any, but it is pretty early yet to discuss the mayorality question. The democrats have no lack of candidates, I see."

"If you are nominated, you will not have the quick, short canvas you had before?" suggested our reporter.

"No. Well, that will give the voters more time to think who to vote for. The nominations have to be made some weeks in advance, under the new election law, but that will suit me, if I am the candidate," and the mayor proceeded with his writing, at which he was busily engaged when our reporter entered to get the police court news.

A blessing to humanity is what Dr. Bull's Cough Syrup can well be termed, for it has done more good already than any other medicine. One trial will convince any one of its efficacy. Price 25 cents.

"There's no terror, headache, in your threats,"
For I am armed so strong with remedy
That I pass pain by an idle word,
Since the discovery of Salvation Oil.

WHO WILL BE SAVED?

To Whom is the Gospel Offer of Salvation Made--Dr. Wells' Sermon.

Although the weather was disagreeable and stormy, the Third Presbyterian church was nearly filled last evening, to listen to the fourth sermon of Dr. Wells, who is conducting a series of evangelical meetings in this city.

As is customary every evening, a song service preceded the regular meeting, and the singing of the large chorus choir, which was joined in by the congregation, was interesting indeed. At its close, the evangelist called upon Rev. Lawson, of Ossian, Ind., who was in the pulpit, for the opening prayer, and he offered a fervent invocation to the throne of grace. Rev. Boggs then made the usual announcements, and at the request of Dr. Wells, Mr. E. F. Yarnelle sang a solo. He chose "The Old, Old Story," and sung in his feeling way, and with his grand voice the sentiments of the old familiar hymn seemed to touch every heart.

Dr. Wells, in commencing his sermon, announced as his theme "The Gospel Call; to Whom is it Made?" and selected as his text John 3rd chapter 16th, verse: "For God so Loved the World, that He gave His only begotten Son that whosoever beleiveth in Him, should not perish but have everlasting life."

Very much, he said in commencing, had been spoken and written in regard to the atonement. Some say that Christ's atonement was made only for the elect, and others that He died for all. Without taking time, he said, to discuss the various beliefs advanced upon the doctrine of the atonement by the sects and isms of the world he would advance two general propositions upon the subject: First, the atonement of Christ made it consistent for God to offer salvation to all; second, the atonement of Christ makes it consistent for all to be saved who will accept the gospel offer and comply with the conditions.

If no atonement had been provided God could not have offered pardon to all because those who had broken the law and received the sentence under it could not consistently, with his divine attributes, have any way of escape from condemnation. But Christ, the son of God, had come from heaven to earth to suffer the penalty of the broken law. He offered Himself as a willing sacrifice for the sins of men and made it possible for all those who put their faith and trust in Him to be saved. This was the condition and all who accept it will escape the penalty of the violated law and enjoy eternal life. Those who do not will be lost.

To-night the subject of Dr. Wells' sermon will be: "The Day of Judgment With its Awful Sentence Upon the Finally Impenitent."

THE LEGISLATURE.

Mr. Magee, by request, introduced two bills. One was prepared by the state fish commissioner. The bill prohibits the taking of fish with spear or gig at any time or under any circumstances, and it absolutely forbids the taking of fish of any species, by any means, between April 15 and June 17, of each year.

Mr. Burke offered a bill, which adds to the penalty for selling intoxicating liquors without a license a term of imprisonment of not less than ten nor more than thirty days. The imprisonment part of the penalty is not optional with the court, but is mandatory, and applicable upon the first conviction of an offender.

After recess the senate took up Mr. Cleman's bill providing for the protection of quails by forbidding the killing of them for five years. Several amendments were offered. One adding snipe and plover to the list of protected birds, and another changing the time from five to two years, were adopted. The bill was then read a second time and engrossed.

Mr. Mount's bill which authorizes constables of horse-thief detective associations to arrest suspected persons without warrant and hold them until one can be procured, was passed without dissent. There are more than two hundred horse-thief detective associations in Indiana, and they have long been demanding such a bill as this, Mr. Mount said. Their effectiveness, they believe, will be greatly enhanced by its passage.

From the committee on county and township business, Mr. Boyd reported favorably upon Mr. Peter's bill to require township trustees to make detailed reports of all aid given to the poor, together with the names of the beneficiaries. The report was adopted, and the bill engrossed. The same committee reported favorably on Senator Ewing's bill to legalize the acts of the incorporated town of Westport, Decatur county. The bill was passed under a suspension of rules.

The judiciary committee reported adversely upon Mr. Kelley's bill regarding promissory notes, and the report was adopted without protest.

The effort to give the pauper the right to select his own physician and not restrict him to the township "poor" doctor, was knocked higher than Gilroy's kite when Mr. Guthrie's bill for that purpose was indefinitely postponed.

Mr. Lindemuth's bill, which seeks to fix the compensation for road viewing, and allows mileage to the viewers, was reported from the committee with the minority favoring its passage and the majority recommending its indefinite postponement.

New apportionment bills were introduced in the senate. They are arranged to give the democrats a majority of ten in the senate, and thirty in the house, and eleven out of the thirteen congressmen. The bills are drawn with the vote of 1888 as a basis, and a number of changes are made in the legislative and congressional districts, counties being taken from some districts and added to others.

The cigar dealers are preparing to make a fight against Mr. Thiene's bill requiring a license fee of $200 for the privilege of selling cigarettes. The author of the bill says that there are 10,000 boys in Indianapolis who smoke cigarettes.

WILL SAIL TO-MORROW.

Inventor Pennington's Ship Now Ready--A Little Trial Trip Made.

(Chicago Post)

Pennington's air ship will fly in the Exposition building to-morrow afternoon. So says the inventor.

After a good deal of trouble Chemist Howe at last succeeded in generating sufficient hydrogen gas to fill the buoyancy chamber of the model. The parts were adjusted, connections were made with the electric battery, the ship was loosed from its moorings and an experimental passage was made in the atmosphere of the art gallery, which is but sixty feet square or thereabouts.

"Was the experiment satisfactory?" a reporter for the Evening Post asked Mr. Pennington.

"It was," he replied. "Of course, the limited space prevented us from moving the ship at a high speed. The course was circular, and it naturally happened that we could not move the ship quickly because of the danger that existed of striking the building with the tail or rudder. In the main hall we will have more room. All the impediments have been removed except the gas chandeliers, and these we will take away at once. As soon as the main hall is free from obstruction we will take the model out of the art gallery and fly it in the larger space to make sure that it is in good working order. I anticipate no hitch and expect to demonstrate the worth and merit of my invention. It will carry one man—a light weight. Nothing more remains to be done with it so far as I am concerned. It is complete from my point of view and is now in the hands of Mr. Fanning."

The first full-sized ship will be completed at Mount Carmel in a few weeks and will carry a dozen or more of the company's directors from that point to this, and worked with a gas engine weighing but 300 pounds, capable of a 100 horse power.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensible for sick headache, others report remarkable cures of scrofula, salt rheum, etc. Truly the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of its army of friends.

THE Indian police who tried to capture Sitting Bull, but killed him instead, were evidently not in "evening dress."

"A God-send is Ely's Cream Balm. I had catarrh for three years. Two or three times a week my nose would bleed. I thought the sores would never heal. Your Balm has cured me."—Mrs. M. A. Jackson, Portsmouth, N. H.

I was so much troubled with catarrh it seriously affected my voice. One bottle of Ely's Cream Balm did the work. My voice is fully restored —B. F. Liepsner, A. M., pastor of the Olivet Baptist church, Philadelphia, Pa.

THE parrot has not the monopoly of the power of talking among birds. The mynan, a species of starling, is very imitative and says "Good-morning" very plainly in response to a salutation.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Attention, Attention!

The committee of the German Military Association at Fort Wayne hereby notify the public that in the middle of August next the great German Bundes-Kriegerfest will be held in our city, and that an excellent program is intended for those days, to carry out which the G. M. A. will spare no expense, in order to make it an unparalleled success.

Besides the German Bundes-Vereine, all of the military regiments of Indiana will be invited to a competition drill and shooting match.

The program for the exercises will be published in a few days. One of its principal features will be a grand night manœuvre, followed by a siege and capture of the city of Fort Wayne, illuminated by rockets and fire balls.

All comrades having been enlisted in the German army and honorably discharged from service, are cordially invited to join the German Military association of Fort Wayne, offering as it does, to its members, a sick benefit and funeral aid, with dues very moderate. To promote a genuine sociability among the members will ever be one of its foremost tendencies. 27-tf.

WHAT IS SAPOLIO?
It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it...

What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clever housekeeper and try it.

BEWARE OF IMITATIONS. THERE IS BUT ONE SAPOLIO.

INDUSTRIAL NEWS.

Sandwiched Between Items of a Personal Nature--Sad Accident to Julius Koch.

When our reporter entered the Pittsburg machine shop yesterday afternoon he knew that something unusual had occurred. Sorrow and anxiety were depicted upon the faces of the men, whose attention centered in a small room, where lay Julius Koch, the blood flowing from an ugly gash across the crown of his head. Dr. J. M. Kells had him in charge and was dressing his wounds, while his fellow workmen stood about ready to render any assistance in their power. Mr. Koch's injuries were received by a small shafting falling upon him, cutting his head and hurting his chest. His wounds are not considered dangerous, but it may be many days before he will be able to resume his work. The poor fellow has been very unfortunate of late. Two years ago, while braking on the railroad, he lost a leg, since which time he has been employed in the shops. He is married and has several children, which adds to the sadness of the case. His home is on South Hanna street. It is remarkable that so few accidents occur in a shop where there is so much machinery and so many men employed. We can account for it only on the ground that every precaution to have the machinery and appurtenances frequently examined is observed by the men in charge. Mr. Koch is a member of Summit City lodge, No. 36, A. O. U. W.

PERSONAL AND OTHERWISE.

The Pittsburg boiler shop is working two gangs at present—night and day.

The Chicago, Burlington and Quincy now have a line to Deadwood, S. D.

R. C. Harris, division superintendent of the Lake Shore railroad, is in the city to-day.

O. R. Ellenwood, Pittsburg engineer, was off duty a day or two on private business.

William Wile, a machinist in the Pittsburg shops, who has been sick for a few days, is again at work.

The infant child of John Frame, of the hub department of the American wheel works, died this morning.

R. B. Rossington, Pittsburg freight agent, has been sick for a day or two, and unable to attend to his duties.

Some of the employes of the Fort Wayne Furniture company were off duty yesterday, attending a funeral.

The firemen on the Lake Erie and Western have decided to demand no increase in wages, and will continue at work.

The east yard Pittsburg car shop was closed yesterday morning, in order that the men might attend the funeral of H. Albers.

R. K. Conrad, fireman on the Grand Rapids road, who spent a few days at Rome City with his family, has returned to work.

Philadelphia papers report the health of President Roberts much improved and say he will soon be able to assume active duties.

Pittsburg engines Nos. 209 and 312 are in the shops for repairs, and Nos. 113, 24 and 126 have been turned out after thorough repairs.

H. Geerken, a boiler maker for the Pennsylvania company, has returned from Lima, Ohio, where he was called to do some work for the company.

Louis Buckwalter, foreman of one of the gangs in the erecting department of the Pittsburg locomotive shop, is off duty on account of a severe case of rheumatism.

Thomas Golden, of Master Car Builder Graham's office, of the Pittsburg, is at present working in the superintendent's office, helping them out with the statements.

S. G. Bechtol, Pittsburg engineer, J. Hayes and E. E. Crowfoot, Pittsburg firemen, have reported for duty after a sickness. The latter has been off duty a long time.

Engine No. 41 has been turned out of the shops at Grand Rapids, after being thoroughly overhauled. It runs the accommodation between Fort Wayne and Richmond.

John Kretsinger, foreman of the planing mill department of the pittsburg shops, is still suffering with a lame hand, though able to attend to his duties. Mrs. Kretsinger, who has been confined to bed many months with rheumatism, is slowly recovering. They live at 267 East Jefferson street.

E. T. Ziehr, night operator at the Lake Shore offices, has resigned. The position has been given to Mr. Pierson, of Brookville, Mich.

The Fort Wayne Furniture company received an order for a car load of folding beds from Oregon. The firm is running all its departments full time now.

M. R. Cowen, engineer on the Pittsburg, has reported for work. Mr. Cowen had been making a tour of the west in search of relief from rheumatism. He has fully recovered his health.

Wm. Dowd, an old railroad man and president of the Louisville, New Albany and Chicago railroad, has decided to retire from active business life. He goes abroad on recommendation of his physician.

The increase of business on the Toledo belt line makes a double track necessary. The work will be pushed forward in the spring. It is proposed also to consider the manufacturer's interests in the matter.

John Fleischman, an employe of the Fleming manufacturing company, met with a very painful accident yesterday. While at work a sharp piece of steel was driven into his arm, nearly severing an artery. Dr. McOscar attended the man.

J. C. Hewes, the foreman of the Pittsburg boiler shops, was sixty-eight years old last Monday. Tuesday evening a party of the men from his department dropped in upon him at his home in honor if the event, and a very pleasant evening was spent.

It is reported that railway employes are in the habit of using the envelopes of the company in their private correspondence, thereby saving postage. This is a violation of the postal laws, and it has come to the notice of the government, who will endeavor to stop it.

The following men were recently reported sick and unfit for duty: F. H. Whitny, Pittsburg engineer; D. Collom, Pittsburg fireman; R. Patch, Grand Rapids, fireman, has gone to his home in Michigan; William Deaveney, Pittsburg fireman; C. Love, Pittsburg fireman; A. Sine, Pittsburg engineer; P. H. Nulb, Pittsburg fireman; William Rehling, fireman on the Grand Rapids. Some of the above have reported for duty.

The tariff managers of the principal western roads met at Chicago Tuesday to devise some means of putting a stop to the misuse of tickets issued to men engaged in Chicago live stock shipments. Many of the men who are sent by western shippers to take care of the stock in transit accept the work simply to get a free ride to Chicago, and on their arrival there they sell the return portion of the tickets to scalpers, thus contributing to the demoralization of passenger rates.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest Trouble try it. We guarantee satisfaction. Trial bottle free at Dreier & Bro.'s drug store.

COFFEE, COFFEE—Green and Roasted Java, Mocha and Rio.

The Coffee market is still held firmly by the speculating combination who has controlled it the last two years, and since our last circular there has been little change in prices, yet a large decline is looked for. In consequence of large receipts of Coffee at Rio and Santos. At present we have reduced the price on Rio one cent per pound.

Best Rio Coffee, 22c. lb. Roasted Rio, 25c. lb.
Old Govt. Java, 28c. lb. Roasted Java, 33c. lb.
Roasted Mocha, 35c. lb, Sampson Coffee in 1lb Packages, 26c.
Levering's Coffee, 26c. lb.

The Tea market all grades of Teas, both Chinese and Japanese remain at former prices, but they are extremely low when the high price of Coffee is considered, and it is safe to say the high price of coffee has induced a large consumption of Tea, as the price of a pound of 20c. Tea is no more than a pound of coffee and it will go twice as far. We sell a most excellent Tea at 20c. lb, and the very best at 50c. lb. Our motto in Teas is purchasing in large quantities from first hands and sell direct to our customers, thereby saving them the profits of the Jobber, Speculator and Wholesale Dealers, which is at least 15c. We have a package Tea in 1lb Packages we sell at 15c.

Extra Young Hyson Tea, 20c.; good, 30c,

TERRIFIC EXPLOSION.

The Ammonia Cylinders of a Refrigerating Company Burst With Disastrous Results.

CHICAGO, Jan. 29.—An explosion of anhydrous ammonia, or ammonia gas, used in the ice machines of the Western Refrigerating company at Nos. 297 to 301 Michigan street, at 12:05 this morning, caused great loss of property and came near resulting in the death of three men. The occupants of the building at the time were Robert Hawley, the fireman, Joseph Brenzl, engineer, and George Hendricks, oiler. All three were in the engine room. The watchman, by a lucky chance which probably saved his life, was outside. Suddenly, without the least warning or any known cause, a valve in one of the ammonia cylinders blew out. The ammonia was under tremendous pressure and the detonation was like the explosion of an engine boiler and was heard for several blocks.

The building immediately caught fire and in a short time the flames were pouring out of all the windows. The department was soon on hand, Fireman Tom Casey, of truck No. 6, fell through a hatchway on the second story to the floor below, and was seriously, if not fatally, injured. He was taken out unconscious and carried to the hospital in a patrol wagon. He received an ugly gash in his right side and was internally injured. The loss on the building and contents is estimated at $200,000; partially insured.

CANADIAN ESCAPEGOATS.

A Conference Between Canadians and Secretary Blaine.

WASHINGTON, Jan. 29.—An informal conference was held yesterday at the residence of Secretary Blaine, between the secretary, Congressman Hitt and the Hon. Edward Farrer, editor of the Toronto Globe, and one of the laymen leaders of the liberal party in Canada. The conference was important, as being the first of a series of informal talks with the secretary upon the question of Canadian reciprocity, which Mr. Farrer has come to Washington to obtain. Mr. Farrer's visit has a peculiar significance at this time in view of the statement current that the parliament is to be dissolved in the latter part of this week, and the administration is to go before the country at the general elections upon the question of reciprocity with the United States. Mr. Farrer's visit is believed to be for the purpose of obtaining assurances from party leaders in this country of the possibility of reciprocity being acceptable to the United States at this time, which assurances he wishes to communicate to his colleagues in the liberal party of Canada at the coming meetings.

IT WOULDN'T WORK.

Republic Manager Tells How He Was Defeated.

TOPEKA, Kan., Jan. 29.—One of Senator Ingall's managers said to a correspondent: "Last Friday night this game was ours. It was in our hands. The plan was to secure the nomination of Harris, an ex-rebel, by the Alliance and then get the soldier members to fly the track. We had the pledges from them that they would do it. We counted on that until Sunday night. Then we saw that our plan was liable to fail. Then we went to work on individual members, but they were afraid. Money was offered to a few, but I want to say that Senator Ingalls sat down on this. He said to us: 'I'm getting old. I have had all the honors any American can have except the presidency, and I can't afford now to go into any plan which would cause my family pain and create scandal. You must stop where you are.' Then we gave up."

COVERING THEIR TRACKS.

The Lottery Company Proposes to Destroy all Vouchers for Money.

NEW ORLEANS, Jan. 29.—The lottery managers evidently wish to cover some of their tracks. Last Saturday suspicions were aroused among some of the stockholders, when in collecting their dividends they were required to sign a bonding on receipt book indorsing all expenditures by the lessees, authorizing the destruction of all vouchers for money expended and approving the management of the concern. Several of the stockholders refused to sign this extraordinary resolution. The lottery company wishes to destroy certain vouchers and books in order to save itself and certain legislatures and judges from exposure, that will certainly be made, should the anti-lottery movement triumph at the coming state election.

AMERICAN PORK.

The German Government Will Remove the Restrictions Against It.

BERLIN, Jan. 29.—It was reported in the lobby of the Reichstag to-day that the government is about to rescind the law prohibiting the importation of American bacon and hams, at the same directing that such imports be subjected to a special inspection at the ports of entry.

Another Bank in Trouble.

KANSAS CITY, Mo., Jan. 29.—Attachments were filed last night by the First National bank of Marshall, Mich., and the First National bank of Havenna, O., against the Union Investment company, of this city, for sums aggregating $230,000. The Union Investment company has a capital of $1,000,000, and occupies the same building with the defunct American bank. When the latter failed last week it was thought that the investment company would go too, but it survived the shock, but is now presumably in bad shape again on account of the attachments. The paper of the Union Investment company has been going to protest lately, and it is feared the big institution will collapse.

TWO NOTED THIEVES.

Who Have Stolen Millions, Arrested and Lodged in Jail.

NEW YORK, Jan. 29.—Two dangerous crooks were arrested Monday by Inspector Byrnes' men with costly burglar tools in their possession. They were "Clever Billy" Maher, alias George Houghton, and David Cummings, alias Crolin. David was discharged at the old Bailey, London, England, October 30, 1890, on a ticket-of-leave. He has been under surveillance ever since he landed here, five weeks ago. He has a record as a Mississippi thief of twenty years ago. He has served time in various states. In New Orleans, with pals, Cummings robbed a Canal street jeweler by means of a dummy safe, getting away with $100,000 worth of property. They did a $35,000 job in New Orleans, and a $35,000 diamond job in St. Louis. Then the maison de jois of Jennie Jenks, of Chicago, was robbed of $7,000. In Quincy, Ill., from the First National bank, they took $160,000 in bonds, $30,000 in cash and $350,000 in railroad securities. The gang got away with $40,000 of property from the Falls City bank at Louisville. They were arrested on suspicion.

DEVOURED BY WOLVES.

An Indian Camp Attacked by the Hungry Beast.

WINNIPEG, Jan. 29.—Rev. J. Sette, missionary among the Indian tribes around Lake Winnipeg and Manitoba, writes that the camps of Indians hunting on the east side of Lake Winnipeg not very far from Bloodvein river, near Dogbend, were visited by a pack of wolves, about a hundred in number. They attacked the camps and killed many Indians and devoured them. One Indian cudgeled and killed twenty wolves. Another Indian climbed up a tree with his gun and shot down twenty. One got upon a stage which was not very high and the wolves dragged him down and devoured him. There is a great panic among the Indians in that quarter. The Indians say that there are no deer, consequently the wolves are mad with hunger.

A YOUTHFUL THIEF.

A Boy Robs a Lady of $7,000 Worth of Jewelry.

NEW YORK, Jan. 29.—The boy, Geo. Green, who was arrested in Saginaw, Mich., at the request of the New York police, is wanted for stealing $7,000 worth of diamonds from the room of Miss Patterson, of Michigan, who was a guest of the Fifth avenue hotel during New Year's week. Miss Patterson is now in Michigan. Inspector Byrnes declines to give the place of her residence.

His Conscience Bothered Him.

SHELBYVILLE, Jan. 29.—John Murphy, who lives in Moral township, stole five steers from a neighbor and drove them off to Indianapolis and sold them for $88. This was in December last. John's conscience has been worrying him ever since. To-day he came voluntarily into court and confessed to having committed the theft, and prayed the indulgence of the judge. Judge Hackney let him off upon bond upon the condition that he pay back the money he received from the sale of the steers, then he shall be a free man; if not, he will be prosecuted for grand larceny during the next term of court.

Fire in a Literary Institute.

WALTON, N. Y., Jan. 29.—Fire was discovered in the main dormitory of the Delaware literary institute, located at Franklin, early Tuesday morning. There was great excitement among the students, who were compelled to flee for their lives in their night clothes. The firemen had a hard struggle before they got the fire under control. Several of the firemen were overcome by smoke, and had to be carried from the building, and two others received injuries by falling through a burning door. Many of the students lost all their books and clothing, but none of them were injured.

Crooks Caught.

INDIANAPOLIS, Jan. 29.—Last night at 12 o'clock, the police discovered a man in Van Camp's hardware store. Under cover of a revolver he was compelled to open a side door and admit the police, when he was placed under arrest. A search of the building revealed another burglar and the two were taken to the station. The men, whose names are James Edwards and Lafayette Hickman, were after revolvers and had gathered twenty-two when discovered.

FIVE HUNDRED tramps in New York were compelled to submit to vaccination the other day, and the entire five hundred took some about it.

CRIMES AND CRIMINALS.

A Double Tragedy at Alcatraz Island --Sensational Murder at Nashville, Tenn.

SAN FRANCISCO, Cal., Jan. 29.—Capt. Wm. D. Dietz, assistant surgeon in the United States army, stationed at Alcatraz Island, and his wife, were found dead at their quarters yesterday. Captain Dietz first shot his wife and then himself with a double-barreled shotgun. No cause is known for the tragedy. The couple leave a child two years old. Mrs. Dietz was the daughter of Capt. W. M. Tyler, of the Thirteenth infantry, now at Sackett's Harbor, N. Y., awaiting retirement. Captain Dietz was born in Georgia, and appointed assistant surgeon from New York on December 8, 1858. He was highly respected by all who knew him.

NASHVILLE, Tenn., Jan. 29.—John Dolan, of Louisville, last evening swore out state warrants for the arrest of John Moran, Samuel Ritter, Charlotte Rockuits and Mrs. Anda Phillips, Moran being charged with the murder of Miss Mamie Dolan, a beautiful young woman, and the three others with being accessories. Miss Dolan was the sister of the prosecutor and the adopted daughter of John Moran. She was found Monday night lying on the back porch of the Moran residence. She had a wound in the forehead. Near by was a hatchet which fitted exactly in the wound. Miss Dolan's neck was also broken. Moran, Ritter and Miss Rockuits were arrested and committed to jail pending the investigation. Mr. Dolan arrived from Louisville yesterday and swore out the warrants as stated. Mrs. Phillips being arrested last evening. It was stated at the inquest that Miss Dolan had had some words with Moran and that she said she had taken poison. A chemist is now making an examination of her stomach.

DEER RIVER, Conn., Jan. 29.—The people of this city are excited over the death of George F. Burnett, of this city. Burnett's body was found lying on the frozen ground nearly lifeless. He was removed to the residence of a physician, where he died in a short time. It is rumored that it will be proved that Burnett received the injuries which caused his death at a notorious resort near here kept by Gerald LeVaughn, where, it is alleged, Burnett slept that evening. Wm. G. Long, who drove over from Essex that night, says he was riding with Burnett, and that when near the place where the body was found, the horse became unmanageable and threw Burnett out. The body was found sixty-eight feet from the place where the accident is said to have occurred. A gentleman who lives across the way from the resort in question, says that about midnight, the time when Burnett and his companion Long are alleged to have started for home, he heard cries [of murder. Long and the proprietor of the low resort tell conflicting stories of the affair and the authorities have decided to make an investigation. Burnett was an inventor and lived on his royalties.

WICHITA, Kas., Jan. 29.—News reached here yesterday of the discovery in a wretched cabin in the Flint Hills, of Greenwood county, of the bodies of a man named Grayson and his son, two sheep herders. They had not been seen for some weeks, and a search revealed the bodies, which had been badly disfigured by wolves.

NANTICOKE, Penn., Jan. 29.—John Boyle was arrested here yesterday charged with the murder of his wife, who was found dead in her home with her throat cut. Boyle admits quarreling with his wife, but claims she took her own life. They were married in Jersey City about nine months ago. The woman was about twenty-two years old, and the husband a year or two older.

DENVER, Col., Jan. 27.—A jury was secured yesterday, to try the Millington murder case. A former sweetheart of Frank Millington has arrayed herself on the side of the prosecuting forces, and will testify against the accused. The hearing of testimony will commence to-day.

CLINTON JUNCTION, Wis., Jan. 29.—Mrs. Dora Roberts, wife of a machinist living here, tried to commit suicide by poisoning herself on a train yesterday while on her way to this city from Woodstock, Ill. Separation from her husband and trouble over the custody of a child is supposed to have been the cause.

Jumped Through a Car Window.

JACKSONVILLE, Ill., Jan. 29.—While a U. S. marshal was conveying a counterfeiter named Curtiss from Quincy to to Springfield yesterday the latter asked to be freed from his hand-cuffs for a few moments. His request was granted, when he sprang through the window of the rapidly moving car. The train was stopped and a search made, but no trace was found of the escaping prisoner.

Mrs. Jeff Davis Ill.

NEW YORK, Jan. 29.—Mrs. Jefferson Davis, who is living with her daughter at the New York hotel, is seriously ill. Heart trouble was the specific cause, and she has been confined to her room. Her daughter is assisting in the life of her father, which Mrs. Davis is writing. Miss Davis said last night that her mother is rapidly recovering from her illness.

STORMS IN THE WEST.

Railroad Traffic Impeded and the Telegraph System Demoralized.

OMAHA, Neb., Jan. 29.—Traffic from the west is suspended as a result of the snow storm. The Union Pacific trains from the west are indefinitely behind. Passenger trains for the west were run through last night in two sections with two engines. The Golden Gate express on the Union Pacific was reported blocked at Columbus.

DENVER, Jan. 29.—The snow storm which began on Tuesday continued until yesterday afternoon, when about five inches covered the ground. The weather is very cold but traffic has not been interrupted, although telegraph communication with the east is completely demoralized, there being only one wire serviceable. Reports from Leadville, Pueblo, Colorado Springs and other state points indicate very cold weather with heavy snow storms.

WEDDING BELLS.

Coming Nuptials of Ben Rossman and Clara Carrier--Other Weddings.

The announcement is made of the approaching marriage of Clara M., daughter of Mr. and Mrs. C. H. Currier, to Ben Rossman, the popular bookkeeper in Swift & Co.'s meat market. The ceremony will be performed Thursday, February 5. The young couple will reside on Greely street.

SPAETH--SHEA.

Wednesday, at the Cathedral, occurred the marriage of Loretta, daughter of Mr. and Mrs. Timothy Shea, of 41 Hugh street, to Louis Spaeth, the night ticket agent in the Pennsylvania office. The ceremony was performed by Rev. Father Delaney. The couple left for Cincinnati, and upon their return will go to house keeping in a neat cottage on East Butler street.

WILSON--M'CREA.

Elegant invitations were received for the marriage of Mary Alice, daughter of Mr. and Mrs. James McCrea, of Wabash, Ind., to Edward Markley Wilson, of this city, which ceremony will occur at the bride's home Wednesday afternoon, February 4, 1891. The bride is the refined and charming daughter of one of the leading citizens of Wabash, and Mr. Wilson is the junior member of the firm of Schrader & Wilson, this city. They will be at home after February 25, at their cosy and attractive new home at 230 West Berry street, a residence that has just been completed for their occupancy.

DIAMOND--SUMMERFIELD.

The Cincinnati Commercial-Gazette of Monday says: "This evening the wedding of Miss Eva Summerfield and Mr. Henry Diamond, of Fort Wayne, Ind., will take place at the residence of the young bride, 140 Linn street. Mr. Adolph Diamond, Mr. and Mrs. Julius Pottlitzer, of Fort Wayne, Ind.; Gen. Leo Pottlitzer, Mrs. Herman Pottlitzer and Mr. and Mrs. Jule Truman, of Lafayette, Ind., are here to attend the wedding."

Mr. Diamond and bride will be at home to their friends at 170 West Jefferson street after Sunday, Feb. 8.

POTTER--MILLER.

This afternoon, at Ashland, Ohio, occurred the marriage of Miss Clara, daughter of Mr. and Mrs. Jacob Miller, of that place, to George E. Potter, of this city. The bride is a beautiful and highly accomplished young lady, and the groom is the well known assistant civil engineer of the western division of the Nickel Plate railroad. The happy couple, after a brief sojourn in Florida, will arrive here and make this city their home. They will have apartments on East Berry street.

OH, MY!

Soda Water is Going up From Five to Eight Cents a Glass.

The young man with a limited income will have to curtail his indulgencies the coming warm season because soda water is going up. The druggists are entering into a combine to raise the price of the refreshing popular drink from five cents to eight cents a glass—or two for fifteen cents.

It is claimed that at the old price there is not enough money in the business to justify buying the fountain and apparatus, with the cream and other luxuries of a modern drink.

STOLE SHEEP PELTS.

Joe Thompson Arrested on the Charge of Larceny.

To-day an affidavit was filed in Justice Wilkinson's court charging Joe Thompson and another fellow with stealing two sheep pelts from Oliver Hutchinson, of Nebraska, on last Sunday night. They attempted to sell them at S. Bash & Co. Thompson was arrested and placed in jail. The other fellow is still at large. They are both young boys. Deputy Prosecutor Emerick drew up the affidavit.

FERRET LEHR'S FIND.

Nearly a Million Dollars in Mortgages Reported Against P. A. Randall and Reason. Values.

Not since Charles Fant, the tax ferret, made startling disclosures of sequestered taxes some years ago, has there been anything of this character which approaches a late discovery made by John G. Lehr, who for a per cent. has been engaged by the city and county in the same capacity as was Mr. Fant. The fruits of a very tedious and thorough investigation made by Mr. Lehr are before the municipal authorities, and ere this afternoon being argued before a tribunal of which Rudy C. Reinewald acts as judge, and City Attorney Colerick as counsel for the city.

The defendants to these allegations of Ferret Lehr are Lemuel C. Paine, J. D. Paine, C. F. Paine, of New York state, and Perry A. Randall, who, with power of attorney, has acted as financial agent of the Paines. Mr. Lehr claims to have discovered unreported mortgages in Allen county, aggregating $850,000, as follows:

Executed in favor of Perry A. Randall and Lemuel C. Paine, $567,295.

Executed in favor of Perry A. Randall and John D. Paine, $251,794.

Executed in favor of Perry A. Randall and C. F. Paine, $31,100.

This makes a total aggregate of about $850,000 in mortgages, running untaxed from 1885 to 1890 at the following levies: From 1885 to 1888, at $1; in 1889, at $1.15; in 1890, at $1.10. The city alone would receive about $9,000 if the claims of taxation can be substantiated, and the county would receive as much. Mr. Lehr receives fifteen per cent. from the city and twenty per cent. from the county for establishing the existence of sequestered taxes, which, in this extraordinary case now being investigated, would net him $3,150 for his work. Mr. Randall will contest the matter taking, it to a higher court if the authorities decide against him. The city attorney, Assessor Reese and Ferret Lehr urge that the unreported mortgages be assessed.

FINE FEATHERED FOWLS.

Opening of the Northern Indiana Poultry Exhibition To-Day.

The Northern Indiana poultry show opened in the Kane block on West Main street to-day. It is the fifteenth annual exhibition and by all odds the best, for never was a show given under the auspices of the Northern Indiana association when there was such a fine collection of birds as is to be seen this year. The entries are from poultry breeders and fanciers from points in Indiana, Ohio, Michigan and Illinois. The judge of the show is I. F. Felch, an old experienced man in the business. He will have five hundred or more birds to judge. The exhibition will be open every evening except Sunday until the close, February 4. The following are among the exhibitors who have entered their birds:

F. E. Nash, city, black Langshan; R. Sommers, Van Wert, light and dark Brahmas, partridge cochins, etc.; Albert Christian, Roanoke, white Plymouth Rocks and light Brahmas; J. O. Rice, Marcellus, Ind., bronze turkeys; Elliott O. Grosvenor, Monroe, Mich., R. C. B. Leghorns; Mrs. A. M. Keener, New Haven, Plymouth Rocks; W. J. Blackburn, Huntington, R. C. B. Leghorns; H. C. Myers, city, black Spanish; J. Bennigan, city, R. B. red game; W. R. Sheffer, Kendallville, Wyandottes and others; N. H. Whittern, Monroeville, Wyandottes; Harry Dennis, Roanoke, white Plymouth Rocks; W. J. Orr, Lima, Ohio, buff cochins; Ezra F. Sock, Huntington, S. L. Wyandotte, bantams; Daniel Christian, Huntington, Plymouth Rocks; John Champ, Macy, Ind., Plymouth Rocks and others; Hans Newell, Plymouth rocks and Spanish; James H. Esken, Roanoke, Langshan and Hamburgs; C. D. Pinkerton, leghorn and white guineas; John Dimon, city, bronze turkeys and ducks; William Wiehke, bronze turkeys and Plymouth rocks; George P. Gordon, light Brahmas and bantams; George P. Gordon and A. L. Bond, light Brahmas and others; John Welsh, bantams; Mrs. P. W. Binsford, Westland, Ind., Plymouth rocks and langshans; S. M. Williams, Monroeville, white Plymouth rocks.

THE MARTYRED PRESIDENT.

Jesse W. Weik's Lecture Upon Abraham Lincoln.

To-morrow evening at the City Y. M. C. A. hall Hon. Jesse W. Weik, an orator of brilliant attainments and eloquence, will lecture upon the life and character of Abraham Lincoln. Mr. Weik spent years among the private papers and letters of the president and presents his ideas in an eloquent manner. The admission is 25 cents, and as it is for the benefit of the City Y. M. C. A., deserves the support of our citizens generally.

MASONIC TEMPLE.

A Fine Performance To-morrow Evening and Saturday.

"The Great Metroplis," a drama in which is said to mingle the effects of storm and sunshine, will open at the Temple to-morrow evening with a matinee performance Saturday afternoon and in the evening. With this company will appear a crew of life savers, who will fully represent the methods in use along the sea-coast by those brave fellows whose work is to protect the lives of others to the extreme peril of their own. The play is said to abound with startling incidents and stirring events, while the personnel of the company is spoken of as all that could be desired.

Vernona Jarbeau is announced for next Monday.

SOLD OUT.

John W. Mulligan Disposes of His Cigar Store to Dan Campbell.

This afternoon negotiations were closed for the transfer of John W. Mulligan's extensive cigar business, near the south depot, to Dan Campbell, recently of City Engineer O. B. Wiley's office. Mr. Campbell, who is popular and progressive, will no doubt win in his venture. Mr. Mulligan will soon leave for Denver, Col., to locate. He has made many friends while in business and they will wish him prosperity wherever he may be.

DISSOLVED PARTNERSHIP.

Strack & Angell Sever Business Relations, the Latter Retiring.

The official announcement is made that the firm of Strack & Angell, dealers in lumber, has been dissolved by mutual consent, Mr. B. D. Angell retiring.

The business is continued by Edward W. Strack, who assumes all responsibilities of the firm. The firm did an extensive business and had an office at 52 Calhoun street. The future plans of Mr. Angell are not known.

The Weather.

WASHINGTON, Jan. 29.—The storm which was central in northern Texas yesterday morning and moved northeastward with increased energy is now apparently central in the Mississippi valley.

For Indiana: Rain, slightly warmer in northern, stationary temperature in southern portion.

LOCAL LINES.

Col. R. S. Robertson has gone to Salt Lake City.

Dr. Mary Wherry is at Roanoke, Ind., on professional business to-day.

John Leikauf, the Barr street meat dealer and packer, is quite sick with malarial fever.

W. D. Hartzuff, treasurer of the Y. M. C. A., reports that the expenditures for the year 1890 were $6,877.10, and the receipts the same amounts.

Samuel Bard, of this city, will leave this evening for Galveston, Texas, to make some investments. He will be accompanied by his son from Mansfield, Ohio.

Judge Edward O'Rourke and G. W. Seavy, the hardward merchant left today for a tour of the south. They will visit the land of oranges and alligators and will go thence westward to Texas. It is a health trip.

Died, George F., son of Mr. and Mrs. John Blood, of Wayne township, aged eleven months and eleven days. The cause of death was bronchitis. The funeral will be held to-morrow at 1 p. m. from the residence, on the Payne road.

Ella W. French has been given a permit to build a one story frame house on the north half of lot 197, LaBelle's addition, to cost $700; also to C. A. Jones to build a one story frame house on the south half of said lot to cost $700; also to Geo. Hitzeman to build a frame store building on lot 61, Comparet's addition, to cost $450.

Harry Ney, who tried to pass a $20 counterfeit bill at Root & Co.'s store, is before Judge Woods at Indianapolis for trial to-day. United States Commissioner Leonard, of this city, is present and also the following witnesses: George Kierspe, Joseph Aman and Henry Link, of Root & Co., and Miss Hirsh, of Louis Wolf & Co.

The following real estate transfers have been recorded: Caroline Knaak to Anna Seibold, west 23 feet 50, Rockhill's second, $350; Henry G. Olds to John B. Roth, 162 Lasalle's, $650; George Bindel to Matthias Laier, 40 Siemon's, $650; G. W. Seavey to Adelside Mauel, 47 Bass and Hanna's, $1,700; George Seibold to George and Mary Jacobs, 89 Rockhill's, $1,775.

Col. E. A. Otis, of the Twentieth New York infantry, was a guest of Lieutenant Hall at the Wayne last evening. Col. Otis is inspector of the regular army and his business is to travel over over the country to inspect the general recruiting rendevouz and recruiting depots, of which there are between fifty and sixty in the United States. He inspected Lieutenant Hall's charge here, finding everything in first-class shape. He then left for Indianapolis and will go thence on his present trip to Terre Haute, Evansville and St. Louis.

IT IS surprising what a number of American doctors discovered sure cures for consumption long before Koch ever thought of his. It was very courteous of them to withhold the information until the German physician had made his announcement.

IN the last nine Presidential elections New York went Republican six times and Democratic three times. In the same elections Indiana went Republican six times and Democratic three times.

THE ARM OF THE LAW.

Its Power is Felt in the Civil and Criminal Courts of the City --Suits To-Day.

Nellie Flint, a married woman who recently came here from Indianapolis, was arrested by Officer John Trammel at the south depot last night for being hilariously drunk. The woman, it is claimed, has been in a certain house of ill-fame for ten years past. She was arraigned in the mayor's court this morning and sent to jail for eleven days, where she will be a companion in misery of her husband, who was locked up recently for fighting with Mr. McKee, of Shipleyfords auctioneering store on East Main street.

Another case at police court was that against Fred Stein, who was arrested by Officer Richter for gambling over 88 Calhoun street. He paid a fine, which with costs, amounted to $25.

George Stough commences suit against John Pressler for $1,300 on contract, the same being his share of the profits of their business on a contract.

The surety of peace case before Justice France in which Mrs. Ladd charged her husband with threatening to kill her was compromised. Ladd agreed to leave his wife and the city.

In Justice Wilkinson's court, States Attorney Robinson yesterday filed an affidavit charging John Flint with the theft of a ton of coal worth $5 from the Nickel Plate road. Frank Johnson institutes suit to garnishee Ed. J. McCann, of the Pennsylvania, for $25. Harry B. Ridley institutes a replevin suit to recover a clock held by Mrs. Sobelo. C. Trescelt & Son proceed against Eli Mock to garnishee $19 of his money, now in the hands of Will Henderson.

In the superior court Chas. A. Hays commences suit against Peter Vanderau for $100 on note.

The Hamilton National bank sues M. N. Weber and F. H. Ashley on a note for $60. The case is set for February 2. In the same court Horace Marriott brings a replevin suit against Alfred Lye to recover a gold watch. The hearing is set for February 2 at 9 o'clock.

Oliver Herring and Edward Moly, it seems, do not get along and yesterday an altercation took place between the parties, which has resulted in the former bringing an action against the latter for assault and battery. The case is being heard this afternoon, before Justice Ryan.

To-day an affidavit was filed against Ollie Yorke, who was sent to jail yesterday, charging him with causing a runaway and breaking a buggy at New Haven. The action is for malicious trespass. The young fellow was returned to the custody of the sheriff.

Yesterday afternoon W. S. Crabbs and Carrie Van Wormer, two young persons, applied to the county clerk for a marriage license. As they were both under legal age the clerk refused the license without the consent of the parents of both parties. Miss Van Wormer's father was present and gave his consent, but the would-be groom had to go home to obtain the consent of his parents. He returned to-day and the necessary papers were issued, after which the young people were married.

A marriage license was issued to Henry Heine and Susan Friebe. The young people were not refused a license as mentioned in yesterday's SENTINEL. Marriage licenses were also issued to Walter R. Knapp and Winfred Donet and Albert H. Little and Cora E. Kees.

A BLAZE.

The Grocery of Jacob Pfeiderer and Other Buildings Damaged.

At 1:27 o'clock this morning a telephone message summoned the fire department to the grocery of Jacob Pfeiderer, at 529 East Wayne street. The building was too far gone when the department arrived to save the structure or its contents. The dwelling owned by August Schenark adjoining, which was occupied by Henry Nix, the shoemaker, was damaged to the extent of $200. The loss on the grocery is $3,000; fully insured. This fire again illustrated the justice of the public clamor in the east side for better fire protection. The chief of the fire department says that, owing to the up-hill grade leading to the eastern limits of the city, a fast run is next to impossible. Between Calhoun and Hanna streets there is an upward grade of twenty-one and a half feet and it does not end there, either.

THE SENTINEL to-day mentions some of the republican candidates for mayor.

THE Farmers' alliance has 116 papers in Kansas, one to every county and one to spare.

MARVIN KUHNS, the desperado, has had his trial for the murder of Campau postponed until the April term of court at Tiffin, Ohio.

THE question of the advisability of bringing Fort Wayne under the provisions of the metropolitan police bill excites considerable discussion.

MUNCIE believes in women holding office. Tuesday night the city council elected Mrs. Dr. Elizabeth Miller, a practical physician, to the city board of health.

JUDGE PEFFER, who was nominated as United States senator from Kansas, to succeed Ingalls, was formerly an Indianaian, having resided near Crawfordsville.

TO-DAY, at Indianapolis, the Indiana supreme court listened to arguments in the suit to recover $8,000 in taxes from Allen county, by the executor of the Simons estate.

COL. WM. F. VILAS, who was elected United States senator by the Wisconsin legislature, to succeed John C. Spooner, whose term expires March 4, is an able and brilliant statesman, and will add material strength to the democratic representation in that body.

THE legislature in Georgia, Alabama and other southern states have decided that, pending the consideration of the Force bill, no appropriations will be made for exhibits at the world's fair. Mr. Lodge would be abundantly justified in changing the title of his measure to make it read: "A bill to cripple the Columbian exposition at Chicago in 1893."

AT A gathering of Knights Templar and Masons at Crawfordsville, General M. D. Manson, ex-auditor of state, said that he was one of the oldest Masons in Indiana, having joined them fraternally in 1841, just fifty years ago, and he was made a Knight Templar in 1849. He delivered the first lecture on Masonry in the City of Mexico, in 1847, when such an organization was not allowed to exist under the laws of any country where the Catholic faith predominated.

ATTORNEY-GENERAL MILLER has filed with the supreme court his brief in the matter of the application of the Canadian government for a writ of prohibition in the case of the W. P. Sayward, libeled for taking seals in the Behring sea. He opposes the filing of a petition for such a writ, on the grounds that the supreme court has no power in any case to issue a writ of prohibition to the Sitka court, because it is not a district court of the United States, being merely a territorial court; that the question of jurisdiction of the Alaska court, which the petitioners seek to present, can not be raised on the record of the admiralty proceedings on file with the supreme court, because the face of these proceedings should prove jurisdiction in the Alaska court, and after sentence in such causes prohibition will not issue; that, conceding all the facts averred in the petition, the question of jurisdiction of the Alaska court depends upon the extent of the dominion of the United States in the Behring sea. In this, he maintains, is a political question to be decided by the political department of the government—the executive and congress—both of which have decided against the petitioner's contention, and this decision must be conclusive upon the judiciary.

FAITH is one of the strongest graces in Christian character. This beautiful tribute is paid it by Rev. C. H. Spurgeon, the great London preacher, who has suffered much lately by sickness. "Faith sees sweet hope in every bitter cup. Faith knows that wherever she gets a black envelope from the heavenly post-office, there is treasure in it. When the Lord's black horses call at our doors they bring us double loads of blessing. Up to this moment I, God's servant, beg to bear my unreserved testimony to the fact that it is good for me to have been afflicted. In spiritual life, and knowledge, and power, I have grown but little except when under the hands of trouble. I set my door open. I am half inclined to say, to pain and sickness, and sadness, 'Turn in hither, for I know that you will leave a blessing behind. Come crosses, if you will, for you always turn to crowns.' Thus faith glories in tribulations also, and in the lion of adversity finds the honey of joy."

REPUBLICAN CANDIDATES

For Mayor at the May Election—Mayor Harding Will Stand—Other Names Suggested.

"You are bringing out the different men who will be candidates for mayor on the democratic ticket at the spring election, why don't you say something about the probable republican candidates?" said a well known republican to a SENTINEL reporter last evening.

"Because I don't know who they are" was the reply. "I believe Mayor Harding is going to be a candidate. His name is the only one I have heard mentioned. Do you know any?"

"Well no, but I know some men among the republicans who would run well if they were nominated. Who? Well, there is Dan Harding. I haven't got any fault to find with him. He was elected once and maybe he can make it again, but we have got other good men. I tell you, I believe Harry Hanna would make a rattling good official. He is a brilliant young man, a good lawyer, has a host of friends and would make a race that might be a winning one. Then there is Col. D. N. Foster and Editor N. R. Leonard, of the Gazette. The nomination of either of these men and their election would place good men in the office. Do you know what I have always thought about this mayorality question?"

"No, what is it?" asked the reporter.

"I think we ought to take candidates for this office right out of the ranks of the workingmen. We have got a good man right here in the Pittsburg shops," said the republican, who was an employe of the Pennsylvania company.

"Who is it?"

"John Slater. He is an employe of the blacksmith department, an every-day, hard working laboring man, and a blacksmith who is as good as you find them anywhere. He earns his bread and butter by the sweat of his brow, but he is nevertheless competent to fill the mayor's office and would make a splendid official. He has a host of friends among the workingmen and when a few years ago he was nominated for township assessor against the democratic nominee he swept away a big majority and was handsomely elected. I tell you he would run well. There is another man in the company's employ who would be a good candidate, too. It is Enoch Cox, the store-keeper of the western division of the Pittsburg, Fort Wayne and Chicago railroad. He was for, four years editor of the Delphi (Ind.) Journal, but has been in his present position for the last nine years. He is well known and would make a capital race for the office.

THE SENTINEL reporter met Mayor Harding with the question, "You will be a candidate for renomination for mayor?"

"I suppose I will," he replied, smilingly.

"Have the republicans any other candidates out?"

"I have not heard of any, but it is pretty early yet to discuss the mayorality question. The democrats have no lack of candidates, I see."

"If you are nominated, you will not have the quick, short canvas, you had before?" suggested our reporter.

"No. Well, that will give the voters more time to think who to vote for. The nominations have to be made some weeks in advance, under the new election law, but that will suit me, if I am the candidate," and the mayor proceeded with his writing, at which he was busily engaged when our reporter entered to get the police court news.

A blessing to humanity is what Dr. Bull's Cough Syrup can well be termed, for it has done more good already than any other medicine. One trial will convince any one of its efficacy. Price 25 cents.

"There's no terror, headache, in your threats,"
For I am armed so strong with remedy
That I pass pain by an idle word,
Since the discovery of Salvation Oil.

WHO WILL BE SAVED?

To Whom is the Gospel Offer of Salvation Made—Dr. Wells' Sermon.

Although the weather was disagreeable and stormy, the Third Presbyterian church was nearly filled last evening, to listen to the fourth sermon of Dr. Wells, who is conducting a series of evangelical meetings in this city.

As is customary every evening, a song service preceded the regular meeting, and the singing of the large chorus choir, which was joined in by the congregation, was interesting indeed. At its close, the evangelist called upon Rev. Lawson, of Ossian, Ind., who was in the pulpit, for the opening prayer, and he offered a fervent invocation to the throne of grace. Rev. Boggs then made the usual announcements, and at the request of Dr. Wells, Mr. E. F. Yarnelle sang a solo. He chose "The Old, Old Story," and sung in his feeling way, and with his grand voice the sentiments of the old familiar hymn seemed to touch every heart.

Dr. Wells, in commencing his sermon, announced as his theme "The Gospel Call; to Whom is it Made?" and selected as his text John 3rd chapter 16th, verse: "For God so Loved the World, that He gave His only begotten Son that whosoever beleiveth in Him, should not perish but have everlasting life."

Very much, he said in commencing, had been spoken and written in regard to the atonement. Some say that Christ's atonement was made only for the elect, and others that He died for all. Without taking time, he said, to discuss the various beliefs advanced upon the doctrine of the atonement by the sects and isms of the world he would advance two general propositions upon the subject: First, the atonement of Christ made it consistent for God to offer salvation to all; second, the atonement of Christ makes it consistent for all to be saved who will accept the gospel offer and comply with the conditions.

If no atonement had been provided God could not have offered pardon to all because those who had broken the law and received the sentence under it could not consistently, with his divine attributes, have any way of escape from condemnation. But Christ, the son of God, had come from heaven to earth to suffer the penalty of the broken law. He offered Himself as a willing sacrifice for the sins of men and made it possible for all those who put their faith and trust in Him to be saved. This was the condition and all who accept it will escape the penalty of the violated law and enjoy eternal life. Those who do not will be lost.

To-night the subject of Dr. Wells' sermon will be: "The Day of Judgment With its Awful Sentence Upon the Finally Impenitent."

THE LEGISLATURE.

Mr. Magee, by request, introduced two bills. One was prepared by the state fish commissioner. The bill prohibits the taking of fish with spear or gig at any time or under any circumstances, and it absolutely forbids the taking of fish of any species, by any means, between April 15 and June 17, of each year.

Mr. Barks offered a bill, which adds to the penalty for selling intoxicating liquors without a license a term of imprisonment of not less than ten nor more than thirty days. The imprisonment part of the penalty is not optional with the court, but is mandatory, and applicable upon the first conviction of an offender.

After recess the senate took up Mr. Oleman's bill providing for the protection of quails by forbidding the killing of them for five years. Several amendments were offered. One adding snipe and plover to the list of protected birds, and another changing the time from five to two years, were adopted. The bill was then read a second time and engrossed.

Mr. Mount's bill which authorizes constables of horse-thief detective associations to arrest suspected persons without warrant and hold them until one can be procured, was passed without dissent. There are more than two hundred horse-thief detective associations in Indiana, and they have long been demanding such a bill as this, Mr. Mount said. Their effectiveness, they believe, will be greatly enhanced by its passage.

From the committee on county and township business, Mr. Boyd reported favorably upon Mr. Peter's bill to require township trustees to make detailed reports of all aid given to the poor, together with the names of the beneficiaries. The report was adopted, and the bill engrossed. The same committee reported favorably on Senator Ewing's bill to legalize the acts of the incorporated town of Westport, Decatur county. The bill was passed under a suspension of rules.

The judiciary committee reported adversely upon Mr. Kelley's bill regarding promissory notes, and the report was adopted without protest.

The effort to give the pauper the right to select his own physician and not restrict him to the township "poor" doctor, was knocked higher than Gilroy's kite when Mr. Guthrie's bill for that purpose was indefinitely postponed.

Mr. Lindemuth's bill, which seeks to fix the compensation for road viewing, and allows mileage to the viewers, was reported from the committee with the minority favoring its passage and the majority recommending its indefinite postponement.

New apportionment bills were introduced in the senate. They are arranged to give the democrats a majority of ten in the senate, and thirty in the house, and eleven out of the thirteen congressmen. The bills are drawn with the vote of 1888 as a basis, and a number of changes are made in the legislative and congressional districts, counties being taken from some districts and added to others.

The cigar dealers are preparing to make a fight against Mr. Thiene's bill requiring a license fee of $200 for the privilege of selling cigarettes. The author of the bill says that there are 10,000 boys in Indianapolis who smoke cigarettes.

WILL SAIL TO-MORROW.

Inventor Pennington's Ship Now Ready—A Little Trial Trip Made.

(Chicago Post.)

Pennington's air ship will fly in the Exposition building to-morrow afternoon. So says the inventor.

After a good deal of trouble Chemist Howe at last succeeded in generating sufficient hydrogen gas to fill the buoyancy chamber of the model. The parts were adjusted, connections were made with the electric battery, the ship was loosed from its moorings and an experimental passage was made in the atmosphere of the art gallery, which is but sixty feet square or thereabouts.

"Was the experiment satisfactory?" a reporter for the Evening Post asked Mr. Pennington.

"It was," he replied. "Of course, the limited space prevented us from moving the ship at a high speed. The course was circular, and it naturally happened that we could not move the ship quickly because of the danger that existed of striking the building with the tail or rudder. In the main hall we will have more room. All the impediments have been removed except the gas chandeliers, and these we will take away at once. As soon as the main hall is free from obstruction we will take the model out of the art gallery and fly it in the larger space to make sure that it is in good working order. I anticipate no hitch and expect to demonstrate the worth and merit of my invention. It will carry one man—a light weight. Nothing more remains to be done with it so far as I am concerned. It is complete from my point of view and is now in the hands of Mr. Fanning."

The first full-sized ship will be completed at Mount Carmel in a few weeks and will carry a dozen or more of the company's directors from that point to this, and worked with a gas engine weighing but 300 pounds, capable of a 100 horse power.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensible for sick headache, others report remarkable cures of scrofula, salt rheum, etc. Truly the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of its army of friends.

THE Indian police who tried to capture Sitting Bull, but killed him instead, were evidently not in "evening dress."

"A God-send is Ely's Cream Balm. I had catarrh for three years. Two or three times a week my nose would bleed. I thought the sores would never heal. Your Balm has cured me."—Mrs. M. A. Jackson, Portsmouth, N. H.

I was so much troubled with catarrh it seriously affected my voice. One bottle of Ely's Cream Balm did the work. My voice is fully restored.—R. F. Liepsner, A. M., pastor of the Olivet Baptist church, Philadelphia, Pa.

THE parrot has not the monopoly of the power of talking among birds. The mynah, a species of starling, is very imitative and says "Good-morning" very plainly in response to a salutation.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Attention, Attention!

The committee of the German Military Association at Fort Wayne hereby notify the public that in the middle of August next the great German Bundes-Kriegerfest will be held in our city, and that an excellent program is intended for those days, to carry out which the G. M. A. will spare no expense, in order to make it an unparalleled success.

Besides the German Bundes-Vereine, all of the military regiments of Indiana will be invited to a competition drill and shooting match.

The program for the exercises will be published in a few days. One of its principal features will be a grand night manoeuvre, followed by a siege and capture of the city of Fort Wayne, illuminated by rockets and fire balls.

All comrades having been enlisted in the German army and honorably discharged from service, are cordially invited to join the German Military association of Fort Wayne, offering as it does, to its members, a sick benefit and funeral aid, with dues very moderate. To promote a genuine sociability among the members will ever be one of its foremost tendencies. 27-tf.

WHAT IS SAPOLIO?

It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it.

What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clever housekeeper and try it.

INDUSTRIAL NEWS.

Sandwiched Between Items of a Personal Nature—Sad Accident to Julius Koch.

When our reporter entered the Pittsburg machine shop yesterday afternoon he knew that something unusual had occurred. Sorrow and anxiety were depicted upon the faces of the men, whose attention centered in a small room, where lay Julius Koch, the blood flowing from an ugly gash across the crown of his head. Dr. J. M. Kells had him in charge and was dressing his wounds, while his fellow workmen stood about ready to render any assistance in their power. Mr. Koch's injuries were received by a small shafting falling upon him, cutting his head and hurting his chest. His wounds are not considered dangerous, but it may be many days before he will be able to resume his work. The poor fellow has been very unfortunate of late. Two years ago, while braking on the railroad, he lost a leg, since which time he has been employed in the shops. He is married and has several children, which adds to the sadness of the case. His home is on South Hanna street. It is remarkable that so few accidents occur in a shop where there is so much machinery and so many men employed. We can account for it only on the ground that every precaution to have the machinery and appurtenances frequently examined is observed by the men in charge. Mr. Koch is a member of Summit City lodge, No. 36, A. O. U. W.

PERSONAL AND OTHERWISE.

The Pittsburg boiler shop is working two gangs at present—night and day.

The Chicago, Burlington and Quincy now have a line to Deadwood, S. D.

R. C. Harris, division superintendent of the Lake Shore railroad, is in the city to-day.

O. R. Ellenwood, Pittsburg engineer, was off duty a day or two on private business.

William Wile, a machinist in the Pittsburg shops, who has been sick for a few days, is again at work.

The infant child of John Frame, of the hub department of the American wheel works, died this morning.

R. B. Rossington, Pittsburg freight agent, has been sick for a day or two, and unable to attend to his duties.

Some of the employes of the Fort Wayne Furniture company were off duty yesterday, attending a funeral.

The firemen on the Lake Erie and Western have decided to demand no increase in wages, and will continue at work.

The east yard Pittsburg car shop was closed yesterday morning, in order that the men might attend the funeral of H. Albers.

R. K. Conrad, fireman on the Grand Rapids road, who spent a few days at Rome City with his family, has returned to work.

Philadelphia papers report the health of President Roberts much improved and say he will soon be able to assume active duties.

Pittsburg engines Nos. 209 and 312 are in the shops for repairs, and Nos. 113, 24 and 126 have been turned out after thorough repairs.

H. Gearken, a boiler maker for the Pennsylvania company, has returned from Lima, Ohio, where he was called to do some work for the company.

Louis Buckwalter, foreman of one of the gangs in the erecting department of the Pittsburg locomotive shop, is off duty on account of a severe case of rheumatism.

Thomas Golden, of Master Car Builder Graham's office, of the Pittsburg, is at present working in the superintendent's office, helping them out with the statements.

S. G. Bechtol, Pittsburg engineer, J. J. Hayes and E. E. Crowfoot, Pittsburg firemen, have reported for duty after a sickness. The latter has been off duty a long time.

Engine No. 41 has been turned out of the shops at Grand Rapids, after being thoroughly overhauled. It runs the accommodation between Fort Wayne and Richmond.

John Kretsinger, foreman of the planing mill department of the Pittsburg shops, is still suffering with a lame hand, though able to attend to his duties. Mrs. Kretsinger, who has been confined to bed many months with rheumatism, is slowly recovering. They live at 267 East Jefferson street.

E. T. Ziehr, night operator at the Lake Shore offices, has resigned. The position has been given to Mr. Pierson, of Brookville, Mich.

The Fort Wayne Furniture company received an order for a car load of folding beds from Oregon. The firm is running all its departments full time now.

M. R. Cowen, engineer on the Pittsburg, has reported for work. Mr. Cowen had been making a tour of the west in search of relief from rheumatism. He has fully recovered his health.

Wm. Dowd, an old railroad man and president of the Louisville, New Albany and Chicago railroad, has decided to retire from active business life. He goes abroad on recommendation of his physician.

The increase of business on the Toledo belt line makes a double track necessary. The work will be pushed forward in the spring. It is proposed also to consider the manufacturer's interests in the matter.

John Fleischman, an employe of the Fleming manufacturing company, met with a very painful accident yesterday. While at work a sharp piece of steel was driven into his arm, nearly severing an artery. Dr. McOscar attended the man.

J. C. Hewes, the foreman of the Pittsburg boiler shops, was sixty-eight years old last Monday. Tuesday evening a party of the men from his department dropped in upon him at his home in honor if the event, and a very pleasant evening was spent.

It is reported that railway employes are in the habit of using the envelopes of the company in their private correspondence, thereby saving postage. This is a violation of the postal laws, and it has come to the notice of the government, who will endeavor to stop it.

The following men were recently reported sick and unfit for duty: F. H. Whitny, Pittsburg engineer; D. Collom, Pittsburg fireman; R. Patch, Grand Rapids, fireman, has gone to his home in Michigan; William Deaveney, Pittsburg fireman; C. Love, Pittsburg fireman; A. Sine, Pittsburg engineer; P. H. Nulb, Pittsburg fireman; William Rohling, fireman on the Grand Rapids. Some of the above have reported for duty.

The tariff managers of the principal western roads met at Chicago Tuesday to devise some means of putting a stop to the misuse of tickets issued to men engaged in Chicago live stock shipments. Many of the men who are sent by western shippers to take care of the stock in transit accept the work simply to get a free ride to Chicago, and on their arrival there they sell the return portion of the tickets to scalpers, thus contributing to the demoralization of passenger rates.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest Trouble try it. We guarantee satisfaction. Trial bottle free at Dreier & Bro.'s drug store.

MOST APPETIZING—EASILY DIGESTED.

The VAN HOUTENS process renders their cocoa easy of digestion and develops in the highest degree its delicious aroma. It is an excellent flesh-former, *fifty per cent.* greater than the best of other cocoas.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

VAN HOUTEN'S COCOA ("once tried, always used") is the original, pure, soluble Cocoa, invented, made and patented in Holland, and is to-day better and more soluble than any of the numerous imitations. In fact, it is generally admitted all over Europe (and a comparative test will easily prove) that no other Cocoa equals this inventor's in solubility, agreeable taste and nutritive qualities. "Largest sale in the world." Ask for VAN HOUTEN'S AND TAKE NO OTHER.

Good New Orleans 5c. Crushed and Powdered, 7c.
Granulated, Standard Quality, 7c.

COFFEE, COFFEE—Green and Roasted Java, Mocha and Rio.

The Coffee market is still held firmly by the speculating combination who has controlled it the last two years, and since our last circular there has been little change in prices, yet a large decline is looked for. In consequence of large receipts of Coffee at Rio and Santos. At present we have reduced the price on Rio one cent per pound.

Best Rio Coffee, 22c. lb. Roasted Rio, 25c. lb.
Old Govt. Java, 28c. lb. Roasted Java, 33c. lb.
Roasted Mocha, 35c. lb. Sampson Coffee in 1lb Packages, 25c.
Levering's Coffee, 25c. lb.

The Tea market all grades of Teas, both Chinese and Japanese remain at former prices, but they are extremely low when the high price of Coffee is considered, and it is safe to say the high prise of coffee has induced a large consumption of Tea, as the price of a pound of 20c. Tea is no more than a pound of coffee and it will go twice as far. We sell a most excellent Tea at 20c. lb. and the very best at 50c. lb. Our motto in Teas is purchasing in large quantities from first hands and sell direct to our customers, thereby saving them the profits of the Jobber, Speculator and Wholesale Dealers, which is at least 15c. We have a package Tea in 1lb Packages we sell at 15c.

Extra Young Hyson Tea, 20c.; good, 30c.
Very best Young Hyson in market, 50c. lb.

Fort Wayne Sentinel.

THURSDAY, JAN. 29, 1891.

LOCAL NEWS.

The Wayne hotel had sixty arrivals last Tuesday.

Dr. C. S. Smith has gone to Chicago on professional business.

Mrs. P. H. K. McComb, of Bucyrus, O., is visiting relatives in the city.

H. W. Tapp left for Chicago and St. Paul on a pleasure trip, to be gone a week.

T. E. Ellison will address the farmers' institute, to be opened in this city to-morrow.

Mrs. Nelse Mcunser, of Andrews, is visiting Mrs. Thomas Dyer, of 273 West Jefferson street.

Miss Eliza Burdette entertained a social club last evening. It was a most enjoyable affair.

The Woman's Relief Corps will give a ten cent bean soup social at the G. A. R. hall Friday evening.

The trustees of the Master Builder's association will hold a meeting to-morrow evening. The master builders will meet Saturday evening.

Rev. A. Guttmacher will lecture this evening at Taylor university. His subject will be "The Law of Environment." The lecture will be free.

The south depot, so frequently crowded in the evening, were almost deserted last night. The policemen had a dull beat in that locality.

Mrs. Isaac Mendenhall, of Lafayette street, who suffers from asthma, is no better. Her condition was some worse for a couple of days past.

A dinner German will be given one week from to-day, the dinners being given by Miss Laura Lightfoot and Miss Cora Ash. The German will be held at the home of Miss Mary Randall.

W. R. Sterling, vice president of the Illinois Steel company, of Chicago, will deliver an address to young men at Trinity Episcopal church next Sunday evening. All are cordially invited.

Capt. Wm. N. Bradley to-day received, through the agency of H. C. Hartman, a patent on his electrical street railway conduit. It is an invention that is attracting widespread attention.

On last Tuesday evening Mr. and Mrs. Joseph Getz, of North Harrison street, entertained the Le Joyoux euchre club in a royal manner, and a most pleasant time was had by those present.

Zoe Gayton, the actress and pedestrian, who is walking from San Francisco to New York, on a wager of $2,000, to beat fifteen miles a day, will pass through this city some time next week.

J. Bellamy, a driver for Wilding & Son, was kicked by a horse, receiving a broken instep and other painful injuries which will keep him from active duty for some time. He is now under the doctor's care.

The Pythian Sisters at their regular meeting last evening took in three new members. After the initiations the order adjourned to the large hall, where a banquet awaited them. It was a very pleasant affair.

Mr. and Mrs. Michael Murphy, of Fairfield avenue, pleasantly entertained the South Side Progressive Euchre club last evening. The principal prizes were given to Miss Kate Quinn and Mr. Nick Murphy respectively.

The Royal Arcanum will have a public installation at the hall on Court street to-morrow evening. Mark L. DeMott, of Valparaiso, who is grand orator, will be present, also the Hayden quartet and other features to make the occasion a big success. The work of ushering in new officers of a secret lodge is always impressive and interesting.

S. D. Melsheimer has taken the position of telegraph editor and railroad reporter on The Sentinel. Dan. D. Salmon, who has been with this paper for the last year as railroad reporter, resigns and will engage in other business. He is a bright and capable young man and will win success. He retires with the best wishes of The Sentinel for his success.

The Lafayette Journal says: "Bishop Dwenger was the guest of Rev. E. P. Walters last night. His health, which has been impaired for some time, necessitating a trip to Mexico not long ago, is improving slowly, but a railroad journey still tires him some. It is thought he will be able in the spring to conduct the confirmation services that have been postponed on account of his impaired health."

Yesterday morning at St. Joseph hospital occurred the death of Josiah B. McManigal, at the age of fifty-eight years of consumption. The funeral occurred this afternoon from the family residence, 161 Webster street. The deceased for many years was a fish dealer in this city. Mrs. Lincoln Holverstott, a daughter of the deceased, arrived yesterday afternoon from Grand Rapids to attend the funeral.

The great German Bundes-Kriegerfest will be held in this city the middle of next August and the German military association is already making arrangements for the big event. Besides the German Bundes-Vereine, all of the military regiments of Indiana will be invited to a competition drill and shooting match. The program for the exercises will be published in a few days. One of its principal features will be a grand night manoeuvre, followed by a siege and capture of the city of Fort Wayne, illuminated by rockets and fire balls.

Hon. W. H. Shambaugh, the attorney, is at Indianapolis.

The Morton club will soon move into their new hall in Odd Fellows' block.

Miss B. Hirsh, of Syracuse, N. Y., is the guest of her uncle, Mr. A. S. Lauferty.

A large clock in Hinton's restaurant fell the other evening, and smashed a lot of dishes. The regulator was damaged beyond repair, and Mr. Hinton has had it replaced by one of the new electric clocks, of which the Western Union has local control.

Charles Taylor, advertising solicitor on the Salt Lake City Times, whose wife and son, George, recently arrived here from the Pacific coast, will not be able to make a visit here as early as he expected, probably not coming here until late in the spring.

Mrs. Laughlin, living at the corner of Lafayette and Hamilton streets, was surprised last evening, the occasion being to celebrate her birthday. There were thirty-five people present and during the evening the hostess was presented with a handsome rocker, the presentation speech being made by C. J. Sosenheimer, the city treasurer.

Disorders Which Affect the Kidneys Are among the most formidable known. Diabetes, Bright's disease, gravel and other complaints of the urinary organs are not ordinarily cured in severe cases, but they may be averted by timely medication. A useful stimulant of the urinary glands has ever been found in Hostetter's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increases their vigor and secretive power. By increasing the activity of the kidneys and bladder, this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of those organs to eliminate and pass off. The Bitters is also a purifier and strengthener of the bowels, an invigorant of the stomach, and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

COMMON COUNCIL.

Street Improvement Bond Ordinances Passed--A Batch of Resolutions.

REPORT OF COMMITTEE ON SEWERS AND CITY ATTORNEY.

We the committee on sewers and city attorney report in favor of the petition of William Detting asking an extension of time for constructing a sewer in the alley between the Maumee road and Lewis street, from McCulloch street to the east ½ of the west ½ of Lillies out lot 9.

LOUIS HAZZARD,
VAL OFENLOCH,
M. CODY,
Committee.
HENRY COLERICK, City Attorney.

Concurred in and further time granted.

REPORT OF CITY ATTORNEY.

The question having been submitted to me, as city attorney, by the president of the board of trustees of the Second Presbyterian church, Fort Wayne, Ind., as to whether or not fractional lots 502 and 503 in Hanna's addition to the city of Fort Wayne and lot 1 in block 21 in Ewing's addition thereto are subject to taxation by the city. I find that an addition was made to the old church, longer than ten years ago, upon the west side thereof which addition was used for church purposes and none other. By the building of this addition parts of said fractional lots 502 and 503 were occupied as well as lot 1, for church purposes by the church being thereon. Therefore I report that neither of said fractional lots nor said lot are subject to taxation for the last ten years. Said trustees having been charged with taxes on said fractional lots since 1882, which taxes have never been collected, I recommend that an overcharge be granted therefor.

HENRY COLERICK, City Attorney.

Concurred in.

REPORT OF SPECIAL COMMITTEE.

We, your special committee, to whom was referred the remonstrance of Frank Degitz and others against paying the assessment on the 12 inch clay-pipe sewer in the alley between Leith street and Pontiac street, from the first alley west of Lafayette street to Lafayette street, report an amended estimate and we recommend that the city clerk collect from the contractor the sum of $9.18, the amount paid by the following parties on the first estimate and that said clerk refund said amounts as herein shown:

Bridget Rawley, lot 1 Tresselt's add., $1.58.
Wm. Rawley, lot 2 Tresselt's add., $1.56.
Hannah Uppleger, lots 6 and 7 Tresselt's add., $3.10.
Edward Deagen, lot 16 Colerick's add., $1.53.
Chas. Tumbach, lot 28 Colerick's add., $1.48.

GEO. W. ELY,
LOUIS HAZZARD,
M. CODY,
H. HILBRECHT,
VAL OFENLOCH.
O. B. WILEY, city civil engineer.

A RICH man in St. Petersburg died, leaving an order that his sealed will should be opened twelve months after his death. When opened it contained another sealed packet, with instructions that it must not be opened for a year. The will had seven seals, the last one of which has only been broken although the testator died six years ago.

THE Swiss railways intend to introduce the zone tariff for passengers, now that the system proves so successful in Austro-Hungary. During the first year of the zone tariff in Hungary the various lines carried over 13,000,000 passengers, against 5,000,000 during the previous twelve months.

WINTER WISDOM.

(Exchange.)

Don't be afraid of fresh air, but avoid draughts.

Don't go out of doors for a second without extra covering.

In selecting your winter underclothing, choose that which is warm and yet more or less open in texture.

Take off your overcoat when you enter a warm place, whether office or private dwelling, even if your visit is to last only three minutes.

If you catch cold or develop a cough, get rid of it at once. This is better than feeling "blue" and thinking that pneumonia or consumption has mark'd you as a victim.

The best remedy for a cough or cold (however stubborn,) or sudden chill, is pure whiskey. A dose of whiskey in water will impart a generous warmth to the whole body and keep off the disease of the season.

Don't forget that only pure whiskey should be taken. Duffy's Pure Malt Whiskey has the strongest recommendations from the leading doctors as to its efficiency, and from the most prominent scientists, as to its purity. It is the only standard medical whiskey. Take no other from your druggist.

W. C. Payne & Bro. Warn the Public About Their Horseradish.

W. C. Payne & Bro., who are engaged in the horseradish business at 154 Calhoun street, opposite the Sister's school, desire to warn the public against certain parties who are going around through the city representing themselves to be engaged at the same place of business as we are, and securing sales upon the strength of that representation. The horseradish that we prepare is the best. It has earned its reputation for excellence on its own merits, and we do not desire the public to be deceived by the false representations of these men who are attempting to do business upon our reputation.
